

The Tarot Connection - Episode 60

Class: Journaling With The Tarot

Instructor: Bonnie Cehovet, CPTR

Venue: teleclass*

Length: two hours

Fee: \$25.00**

CEU'S: 2 ***

Course Material: Journaling With The Tarot is a discussion of the role that journaling plays in our lives, the different methods of journaling and how to tell which method will best serve your purposes (this will change as your personal needs change). Part of the class will include a short exercise that I ask each member to complete prior to the actual class. Sharing of this material is voluntary - and I will be doing the exercise right along with you!

What you can expect to take away from this class:

1. A better understanding of the various methods for journaling.
2. Journaling with each of the Tarot cards to better understand them.
3. Journaling as a tool for doing Healing work and Shadow work.
4. Journaling as a tool for creative work - including work with mandala's.

* Journaling With The Tarot is a teleclass - meaning a class that is given over the phone. Prior to class you will be sent a phone number (called a bridge number) to call in on. You are responsible for the charges for this call.

** I accept personal checks and money orders at this time. In the near future, I will be setting up an account with Pay Pal for your convenience. Please make the checks/money orders out to Bonnie Cehovet, and mail them to the following address: (to be determined).

*** This class carries 2 CEU's towards accreditation with the American Board For Tarot Certification.
